

POST OFLAG 64 ITEM

LOOKING FOR LOST MEN

There were about 1700 men at Oflag 64 in Jan ,1945, when the Germans marched them all out to head west and escape the oncoming Russians. There were about 100 men left at the camp because of illness, etc. The remainder of the men headed west on a 355 mile march in bitter cold weather. There were about 450 escaped or evaded recapture and headed east to Russia. There were some men sent to a camp Luckenwald , because of illness or deteriorating shoes or clothing. The remainder continued the march to Hammelburg (Oflag XIII B) where a raid by Gen. Patton resulted in the wounding or death of an unknown number of men. This book is an attempt to account for all the men that were at Oflag 64 when they left the camp in Jan 1945.

LOOKING FOR LOST MEN...DATABASE

This database was prepared by Dean Bright, a man in Tulsa that volunteered to do the work because of his respect for the men that it represented. Dean is a volunteer with the City of Tulsa Police Department and he prepares databases for the Police Dept in his volunteer work. Dean was a Sgt in the US Airforce during the Korean War and was stationed in England for several years.

This database was prepared with the main purpose in mind to locate all men that were still missing after all these years. When the men at Oflag 64 left the camp on Jan 21, 1945 they were scattered in three directions. To Odessa, Russia after evading and escaping on the long march, being sent to Luckenwald for reasons of survival such as illness, bad clothing, etc. and the rest to Hammelburg, where an amount not known were killed and never accounted for. There were several men left at the camp on the day of evacuation. They are accounted for as going to Odessa Russia. The men not accounted for in this database are known as NO RECORDS as shown in the Govt. database "AAD"

The information used in preparing this database was obtained from various sources. The main sources were:

6. Lists of the men that were sent to Luckenwald (prepared by the German at the time)
7. US Govt Database...AAD (Access to Archival Databases) on the Internet

APPENDIX ONE**THE MEN OF OFLAG 64**
(June 1993 draft)

This table portrays the number of men in the Of flags and how many are known to have used various routes to their liberation. French and other officers mainly went to Odessa to be repatriated in national channels. Information of men on routes does not balance with numbers listed in camps.

APPENDIX TWO**THE MEN OF OFLAG 64**

The study is limited to the men, section one A -E, assumed to be a representative sample of 1770 soldiers at Oflag 64.

No. 755-

AMERICAN

SPECIAL REPORT ON CONDITIONS OF TRANSFER OF AMERICAN
OFFICERS FROM OFLAG 64 - ALTBURGUND TO OFLAG XIIIB HAMMELBURG.

On January 21st, 1945, 1471 Officers and Enlisted Men left Oflog 64, Altburgund, Germany, under the Command of Oberst Fritz Schneider to march to Exin where they were to entrain and go to a new camp in the province Brandenburg. In the ensuing 45 days this group marched 553 kms. or 345 miles.

The weather was below freezing the first 10 days and the ground covered with snow so that more than 100 officers suffered from frozen members, frostbite, or chilblains.

The quarters were, with few exceptions, hay barns, stables, cow sheds, or machine sheds. They were often overcrowded, many were lofts with only one ladder for entrance and exit, thus presenting a great hazard in case of fire. Despite continued protests it was not until February 2nd, 1945, that the Germans sent a quartering party forward in advance of their arrival, so that prior to this time they would arrive at their destination as dark was falling, feet wet from tramping through deep snow, and be forced to stand around while hasty arrangements were made for quartering. Frequently fires were not permitted so that shoes and socks could be dried or food cooked.

Camp sites often lacked adequate drinking water. Absolutely no shaving or washing facilities were available. No provisions for baths were made during the entire period.

Until February 17th, 1945, the Germans provided no medical supplies or attention. After that date only a very limited amount was given. There had been continuous trouble in procuring transportation for the sick or for the packs of the walking sick. No effort was generally made to provide proper places for sick call.

The ration provided on the march was inadequate. Hauptmann Doring, the Stabsintendant, made the statement that they were receiving the same ration as the German guard company but this is not true. Attached is a breakdown of the daily ration.

This document contains information affecting the national defense of the United States within the meaning of the Espionage Laws, as amended. Its transmission or its contents to an unauthorized person is prohibited by law.

brauchte das Schreiben des amerikani-
schen Hauptmanns nicht vorzuzeigen und
vergaß es schließlich ganz. Erst 1958, als
die katholische Jugendgruppe von Sallauf
ein Zelt für Wanderungen und Lagersuche,
fiel ihr der Zettel wieder ein. Sie machte sich
zum Fürsprecher der jungen Leute und
ging mit dem ihr gut bekannten Aschaffen-
burger Jesuitenpater Horny, der damals
Hilfskaplan bei den Amerikanern war, zum
Kommandeur der in Aschaffenburg station-
ierten amerikanischen Truppen.

Aber die Zeilen machten keinen sonderli-
chen Eindruck. Der Amerikaner konnte
wohl nicht mehr ermessen, welches Risiko
die Frau aus Sallauf auf sich genommen
hatte, als sie vier auf der Flucht be-
funden Kriegsgefangenen für kurz-
dach und Essen gegeben
jedenfalls bekam die
gruppe nicht.

erkundigten sich nach der Mutter eines

AN APPRECIATION

As we meet here in Newport with two heavy decisions to face and resolve: the end of Annual Reunions and the end of The Oflag 64 ITEM , some well deserved recognitions follow.

As the lead of the group for five years the time is ripe to release these responsibilities to someone else. Yet my task has become considerably easier and more enjoyable with the fine assistance of these shown below.

Bob Levin has helped me greatly in the financial aspects in a superb way. Carl Christensen has taken over the computer programs which he has handled efficiently and timely. Lucy and Don Lussenden with their professional editorial skills have turned out the final copies of THE ITEM on time and so beautifully done. John Slack has headed the production and mailing tasks so very well. Joe Seringer has been our faithful auditor and for which we are so grateful .

We are indeed indebted to Pat Shenkle who so elegantly did the layout of The Directory She also came aboard as the first of the Guest Editors. Then there followed the fine work of Sue and Tom Lawson and more recently Lucy and Tom Lussenden.

To these fine people, my deep appreciation and very best wishes.

HERB GARRIS

If there are any errors in my research and publication of the helpful booklet I accept that responsibility. Since this is a limited press-run those oversights, if you will kindly let me know of any, and they will promptly corrected.

If you would like to place an order for a copy for you or someone else, please send a Check for \$ 3.00 to the Oflag 64 Item Postage Fund at Box 1693, Pinehurst, N. C. 28370.
